**Subject: REGISTRATION OF STUDENTS (GRADE IX TO GRADE XII) FOR PARTICIPATING IN PAKISTAN MATHEMATICS OLYMPIAD (PMO) CONTEST-2024**

The Federal Board of Intermediate and Secondary Education is proud to announce start of registration for Pakistan Mathematics Olympiad (PMO) to be held in 2024. The PMO registration is open to all students enrolled in Secondary School Certificate (SSC) or O Level, and Higher Secondary School Certificate (HSSC) or A Level, as well as equivalent qualifications from all educational streams across the country. This inclusive approach ensures that students from diverse educational backgrounds have equal opportunity to participate and showcase their mathematical talents on a national platform.

2. To aid in better preparation and understanding of the contest paper, a comprehensive syllabus tailored specifically for the PMO by LUMS and a model question paper has been developed, offering students valuable insights into the format and level of difficulty of the competition.
3. In recognition of the outstanding achievements of students, the high achievers in the PMO will be awarded with prestigious prizes, including cash awards, medals, laptops, and scholarships for admission to top universities in Pakistan etc. These incentives aim to encourage students to pursue excellence in mathematics and inspire a generation of problem solvers and critical thinkers.
4. The registration for the Pakistan Mathematics Olympiad will commence 10 September 2024 to 09 October 2024, exclusively on the FBISE website with web link: <https://fbise.edu.pk/pmo.php>. Chairmen Boards are requested to encourage their students and affiliated institutions to register themselves and take the advantage of this unique opportunity to compete at the highest level and gain recognition for their mathematical skill.
5. Your cooperation in this regard will be highly appreciated.

*Regards!*
